## Changing Views

This year the students of UMR faced many changes in both the university and themselves. There were, of course, changes that take place every year such as incoming freshmen deciding between residence halls and greek life and seniors hoping that they can land their ideal job (or just any job at all). During the 1994-1995 school year, though, there was something more going on than usual.

The most obvious change on campus was the movement to make all the buildings handicap accessible. Ramps and elevators were added to all the buildings that did not already have them. Also, the old "temporary" buildings that housed the old cafeteria and KMNR were finally torn down. The KMNR radio station was moved to the old weight lifting gym that has been rented and renovated by the university. In addition to these changes, the multi-purpose building was under construction all year the addition should be finished sometime in the Fall Semester of 1995. The extension to the electrical engineering building should start soon as well.

Although there seemed to be construction and destruction everywhere, it was just the background for the way the Hancock II Amendment shook the campus. At first, only the politically minded talked of the effect of the passage of Amendment Seven, then when the Board of Curators forecast that tuition would increase by 200 to 300% and implemented a hiring freeze the students of UMR sat up and took notice. The school even hosted the Hancock vs. Moody debate so that each side could present and defend it's case.

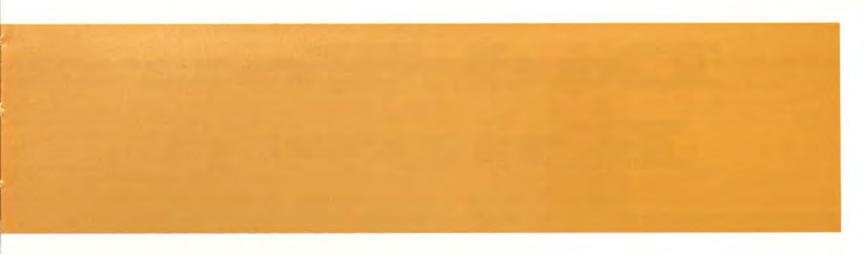

On the social side of life, the IFC board, after realizing that there was not a good time in the winter semester to hold the Greek Week festivities, decided to start having Greek Week in the fall semester. So this year, instead of greek week, IFC hosted a rush weekend for all the fraternities and incoming freshmen to meet each other. All in all the students took these changes in stride and kept on going.

**Opposite Top:** It is easy to forget how beautiful the UMR campus is, especially during sunrise.

**Opposite Bottom:** Going to college is not just about classes and grades, it is also about making friends, accepting diversity, and participating in extracurricular activities.

**Top:** At one time the only women at UMR were the male students' wives, now the female students are a strong force inside the classrooms as well as outside.

**Bottom:** These flags remind those rushing by from class to class that believe it or not, they are lucky to be here.

## Did You Know?

- The 1944 Rollamo was published by the Blue Key National Honor Fraternity because so many men were missing from the Rollamo staff due to the war.
- In 1935 the non-fraternity men on campus organized "The Independents" so they could better participate in the athletic and social activities on campus.
- In 1934 the Engineers' Club was formed to provide economical, wholesome meals.
- During World War II the dean reprimanded students for breaking into jail saying, "you 150 raise as much hell in this town as 1000 formerly did."
- \* Before the Civil Engineering building was built, civil classes were held in Harris Hall.
- The first graduating class, that of 1874, consisted of 3 men.
- \*The main office of the physics department was located on the first floor of Norwood Hall, the Geology and Mineralogy Department was on the second floor, and the Engineering Drawing Department was on the third floor.
- Under the provisions of the Morrill Act under which the School of Mines was founded, four semesters of basic military classes were required for nonveteran students.

## Did You Know?

- The MSM football team was the MIAA football champions in 1947.
- In 1941 the University Dames was formed, which was an organization for student wives.
- Lambda Chi Alpha's were known as "the boys from the little red playhouse" due to the appearance of the their three story red brick house as well as to the frequency of the lestivities within.
- ◆ The St. Pat's Board was organized in 1930 and was composed of 2 men from each fraternity and 4 independents.
- In 1903, the first three fraternities were organized on campus. They were KA, ΣN, and KΣ.
- The School of Mines was formally opened November 23, 1871 in what is now known as the Rolla Building. The caroliment of students the first year was 28.
- In March, 1908, the engineers of Missouri University Invited the engineers of Rolla to send a representative to Columbia to participate in the Celebration of St. Patrick. When more money was collected than necessary to send a delegate, someone suggested we have a delebration of our own and the tradition began.

## News that Changed Views

#### August 1994:

- ❖ The baseball strike continues. This is the first year there has not been a World Series since 1904.
- ❖ The students of UMR come back to school to find the doors of Delta Sigma Phi closed for good.
- ❖ President Clinton changes the long-standing U.S. policy on Cuban immigrants, but it does not stop the Cuban refugees from coming.

#### September 1994:

- ❖ The President formally started the Americorps National Service Program which will help members finance their education for one or two years of service.
- ❖ An immigration agreement is signed allowing 20,000 Cubans into the U.S. if Cuba stopped the illegal immigrants.
- A gunman fires 27 rounds at the White House.

#### October 1994:

- Pneumonic plague spreads panic in India. The people burn their belongings trying to get rid of the fleas that carry it.
- Bill Clinton takes precautionary measures to warn Saddam Hussein not to enter Kuwait.
- ❖ This month a small airplane crashes on the lawn of the White House, killing the pilot.

#### November 1994:

- ❖ Hancock II (Amendment 7), which could have caused tuition at UMR to at least double, was voted down. The debate of Hancock vs. Moody was held at UMR on November 2nd.
- \* Republicans gained control of Congress for the first time in 40 years.

#### December 1994:

- Joycelyn Elders was fired after suggesting schools teach masturbation as safe sex.
- ❖ A U.S. Army helicopter strays into North Korea and is shot down
- Gingrich suggests that the allies should pull their peacekeepers out of Bosnia and provide the Muslims with arms and training.

#### January 1995:

- The National Hockey League strike ends and the first game of the season is played on January 20th.
- ❖ The O.J. Simpson trial continues and their seems to be just as much negative media commentary on the subject as there is media on the trial itself.
- ❖ A flood in Europe effects Belgium, France, Germany, and the Netherlands. Thousands of people are evacuated and several are killed.

#### February 1995:

- \*Denny's planned to start training minorities in several of its restaurants after complaints of prejudice were filed.
- ❖ Federal health officials approved the first hepatitis vaccine.

#### March 1995:

- ❖ Michael Jordan contemplates returning to professional basketball.
- \* Two U.S. diplomats are murdered in Pakistan.

#### April 1995:

- ❖ On April 19th, a bomb exploded in front of the Federal Building in Oklahoma City leaving a crater 8 feet deep and 30 feet wide.
- ❖ After many long court battles, a federal appeals court told The Citadel to admit Shannon Faulkner to the school for military training.

#### May 1995:

- Michael Jackson marries Lisa-Marie Presley.
- Hideo Nomo is recruited by the L.A. Dodgers from Japan to play baseball.
- ❖ In the wake of the Oklahoma City bombing, the FBI attempts to get more power to crack down on terrorist groups.

#### June 1995:

- ❖ Part of Pennsylvania Ave. is closed to protect the White House and it's inhabitants.
- ❖ NATO air strikes turn up the pressure on the Serbs and put the United Nations peacekeepers in the middle of a tense showdown.
- ❖ A controversy arises when baseball great Mickey Mantle receives a new liver.

#### July 1995:

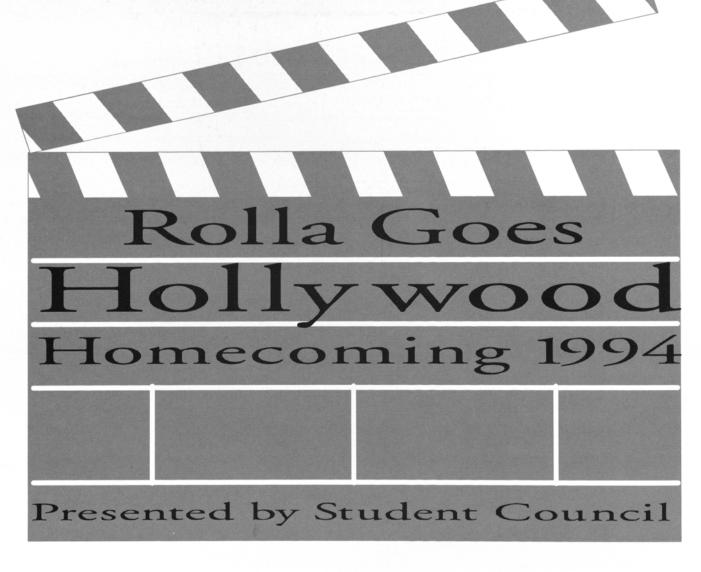

- \* Keenan, of the St. Louis Blues Hockey team, creates negative media for himself when he releases Glenn Anderson, Todd Elik, Vitali Karomnov, Vitali Prokhorov, Denny Felsner, and Mike Shanahan.
- Serbs now control 70% of Bosnian territory.

#### **Entertainment:**

- The big movies of the year were:
  - Pulp Fiction
  - Forrest Gump
  - Speed
  - Star Trek: The Next Generation
- The big music groups of the year were: Nine Inch Nails Sheryl Crow
- The big TV shows of the year were: Friends
  - Mad About You
- ❖ E-mail finally started grabbing hold in other places around the country besides Rolla.
- \* There was an ever-increasing health consciousness as people became vegetarians and opted for fruit drinks instead of soda.

## Previews

Photograph by Rob Bordenave

#### Rolla Goes Hollywood

During the week of October 3-7 the cameras were rolling and the flashbulbs were popping as UMR was transformed into a Hollywood campus. The week was great fun for all of the "Stars" that participated.

The usual games held during the day at the puck included: Egg Catapult, Best Impersonation, Jello Wrestling, Fantasy Jingle, Food Eating Contest, Joe Miner Look-a-Like, Bellyflop, Mocktails, Home Videos and Improvisations.

**Opposite:** The new Homecoming Queen Tricia Ruma jumps for joy. **Top:** The UMR Band plays through the rain to keep the fans happy. **Bottom:** Safe at Home!...Coming!

## Changing Scenes...

Photograph by Kristen Stroik

Monday night comedian Sam Griesbaum gave a show at the puck. Throughout the week a scavenger hunt was held with clues being given Tuesday through Thursday and the deadline on Friday. Also on Friday was the Ice Cream Social free to all students and that night was the M-club Bonfire where the Pie War and Musical Chairs games were played and the announcement of the scavenger hunt winner was given.

Saturday was the moment of truth for the Miner football team to "Break A Leg" as they faced the Pitt State Gorillas.

## Lights... Camera...

Conditions were less than perfect as rain fell throughout the game. The Miners were holding steady at the half with a 14-0 Gorilla lead. The second half didn't fair as well as the Miners ended up with a 34-0 loss.

As the week came to its final curtain, students dried out their clothes from watching the game and washed off the Jello from the weeks past games and prepared for the next week of academic challenge.

**Top:** Joe Miner struts his stuff. Bottom **Bottom Left:** The UMR Cheerleaders give their soaking support!

**Bottom Right:** The Miners huddle for some last minute strategy.

Photograph by Tracey Davis

St. Pat's 1995, The Best Ever

Once again the UMR students counted down the "DAZE" until St. Pats as the St. Pat's committee worked hard to make 1995's celebration the "Best Ever". The work started early first semester with the annual selling of sweat shirts as the phrase "Have you gotten your green yet?" was missed around the puck. March 6th marked the beginning of the snake invasion as Freshmen armed with their trusty shillelaghs protected the campus from those pesky snakes.

On Monday, March 13th, the Follies entertained students at the puck with the Full Beard, Novelty Beard, Greenest Person, and a Sumo Suits wrestling contest. They continued on Tuesday where miners were entertained by Most Sweatshirts on in one minute, Ice Cream in the Face, Most Garters in one minute and another round of the Sumo Suit wrestling contest. Wednesday, as students finished their last day of class for the week, the festivities were moved to the bandshell where students enjoyed the arrival of St. Pat and His Court, Town Beard, Shillelagh Contest, Leprechaun Look-a-Like, Women's Walking Stick and St. Pat's Jingle contest.

Photograph by Scott Ashwell

Photograph by Tracey Davis

Photograph by Amy Rogers

Photograph by Tracey Davis

GONZO games started on March 16th at the Fraternity Row fields. Students rode busses from the EE and Multipurpose buildings to see the Cudgel Carrying contest and the volleyball games while they listened to the music of 'Suade Chain'. Friday concluded the games at the Fraternity Row fields with the Bat Race, Three Legged Bat Race, Money Rolls, Quarters, Four on the Floor, Ten Man Boat Race, 12 ounce Dash, Pickled Egg Eating, and Shillelagh Toss.

**Opposite Top Left:** Students watch as an AEΠ turns into a "StayPuff Marshmellow Man" in the Most Sweatshirts in a minute contest.

Coronation was held Friday night at the Multi-Purpose Building where St. Pat knighted the Student Knights and Nina Woods was crowned Queen of Love and Beauty. Saturday morning Rolla came out to see the St. Pat's Parade with floats made by the many groups participating in the games. That afternoon Alice was brought out to entertain the onlookers while the Knights were "Baptized" in her green waters.

Photograph by Jason Ainslie

Photograph by Tracey Davis

Photograph by Tracey Davis

Photo by Tracey Davis

The festivities were concluded Saturday by the "They Might Be Giants" concert, however, the St. Pat's Committee was allowed only a few days rest before beginning to plan for the next St. Pat's, as this 87 year old tradition continues at UMR.

**Opposite Top Left:** Student Knight kneels down to kiss the Blarney Stone. **Opposite Top Right:** The future Queen of Love and Beauty is escorted to the stage.

**Opposite Bottom:** St. Pat and His Court begin the Knighting Ceremony. **Top Left:** Theta Xi shows off it's float of "Famous Firsts" in the parade.

**Top Right:** Scott Ashwell helps construct a float for the St. Pats parade. **Bottom:** Students watch from the stands as the St. Pat's core and committee hurl Alice soal into the crowd.

## Greek Weekend

#### **Moving Greek Week**

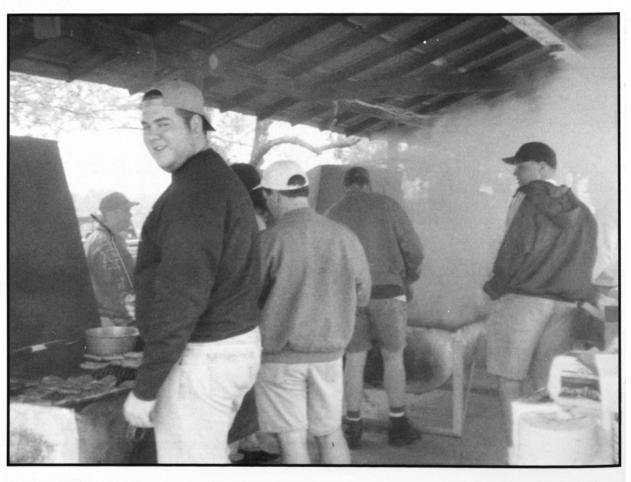

The Interfraternity Council made Rolla history this year when they made the decision to move Greek Week to the fall semester. The timing of Greek Week had become a problem due to the large number of events and holidays during the winter semester. When IFC began looking for a date to place Greek Week they found there were none available. This convinced them to make this move that they had been talking about for years.

It is hoped that this change will help the Greek system as well as the campus as a whole. By holding Greek Week while the students are still fresh from the summer, the participants will have more energy to devote to Greek Week before they get too far into their studies. This will also give the Greek community an exciting way to involve rushees in their activities and ultimately help to make the Greek system grow on our campus.

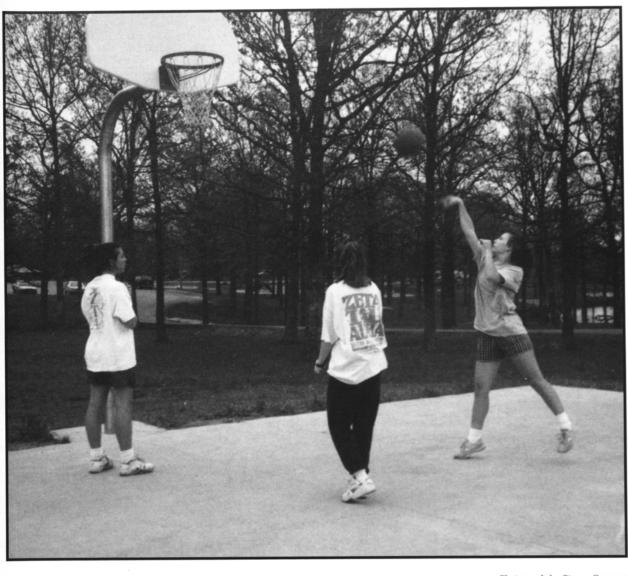

A Greek Weekend was held in the winter semester to cushion the change and to serve as a rush weekend for the Fraternities. There were games held at Lions Club Park and the weekend was fairly successful for all involved.

# Fall Sports

 $oldsymbol{1}$  outh made its presence known during the Fall sports season as several freshman and sophomores not only participated but led their teams in competitions. In football it was freshman quarterback Jason Politte that led the Miners to their best record in three years. On the soccer front, the UMR women started off with six straight wins. This was due in large part to the play of freshmen Amber Fischer and Natalie Sanders. The duo combined to break several scoring records over the course of the season. The men's team also did well improving on it's 4-13 finish from a year before. The men's cross country team had its share of high points. At the Lion's Invitational, sophomore Ryan Unterreiner placed first overall. Other standouts were Bob Etien and freshman Ben Mulvaney. On the women's team, sophomore Jennifer Frazer was the top runner finishing above all other team members in all meets but one. Truly, views were changing as freshman and sophomores could no longer be seen as just another body on the field.

# Miners Come Up Short

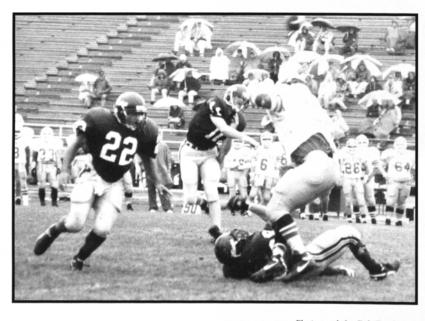

The football miners approached the 1994 season with the intention improving upon last season's record of 3-7. Though the team lost Mike Wise, the alltime leader in total offense at UMR, and six other offensive starters, several newcomers stepped in to fill the positions, including freshman quarterback Jason Politte. On the defensive side, UMR had eight returning starters and a total of fifteen returning lettermen.

A loss at Michigan Tech got the season off to a solemn start, but things began to look up for the Miners with the following wins against Georgetown, Kentucky, and Washburn. UMR was on a three game winning streak with the next win at Emporia State when quarterback Jason Politte scored on a one-yard run as time ran out, leading UMR to 15-14 win.

The next week's competition ended in a 26-26 tie and left the Miners with a 3-1-1 record going into their homecoming game against fourth ranked Pittsburg State. The Pitt State Gorillas proved to be too much for UMR in a 34-0 loss.

The Miners bounced back the following week by beating Northwest Missouri 20-15. The following games brought two more defeats against Northeast Missouri and Missouri Western. Despite all the mistakes they had made all season long, the Miners still had a chance to finish above .500 going into their final game against the Mules of Central Missouri State. Unfortunately they were unable to win their final game. but still finished with one of the best seasons they had had in years.

### Young and Old Contribute

The Miner cross country team began the season at the Missouri Sport Shake Challenge in Columbia. The team finished in fourth place overall with Bob Etien as their top finisher in eleventh place.

The following week, the Miners clinched a third place finish at the Southwest Missouri State Invitational. Once again, Bob Etien led the team with a ninth place finish. At this point in the season,

UMR claimed a seventh place ranking in the Great Lakes region.

During the course of the season, two members of the men's team, Steve Young and Bob Etien, earned academic All-Conference honors from the Mid-America Intercollegiate Athletics Association. This meant that not only were they in the top seven runners on the team, but also maintained a grade point

average above 3.2.

Another high point in the Miners' season was the running of freshman Ben Mulvaney. He ran well the entire year and placed above all other members of the team in two meets near the end of the season. The success of these individuals led to the success of the whole team as the season ended with an impressive tenth finish at the 21-team NCAA Great Lakes Regional.

# Sophomore Runner Sets Pace

The Lady Miner cross country team started the 1994 season with a fifth place finish at the Missouri Sports Shake Challenge. Jennifer Frazer, UMR's top runner at the meet, finished in 23rd place.

UMR finished as the top

NCAA Division II team at the Southwest Missouri State Invitational and claimed third place overall. Tracy Jones, Jamie Bertchume, and Sheryl Ziccardi all finished in the top ten and Jennifer Frazer, who received academic all-conference honors from the Mid-

America Intercollegiate Athletic Association, finished in twelfth place.

The Lady Miners closed out the season with a 15th place at the NCAA Great Lakes Regional, marking UMR's highest finish in years.

# Roller Coaster Season for Miners

Last season was one of ups and downs for the Miners. Early losses caused a rocky start, but UMR rose back up to the .500 mark by defeating Kentucky Wesleyan 5-2. The Miners took another downturn, however, with a loss to Southwest Missouri State in their home opener

and Columbia College the following week.

UMR had a record of 3-5-1 going into the game against 17th ranked University of Missouri-St. Louis. Though the Miners lost the contest against the nationally ranked team, they still managed to

finish the season with a 7-9-1 record overall and a 2-3 record in the MIAA.

UMR's leading scorer for the season was Scott Harrison, 10 goals and 7 assists. Goalie Phil Hahn also recorded favorable stats with 6 shutouts.

## Record Breaking Season

The Lady Miners had their best start ever by beginning the season with a six game winning streak. Included in those wins were shutouts against Missouri, Valley, Southwest Baptist, and Central Methodist. The first loss of the season came in an overtime game against Southern Illinois-Edwardsville. UMR bounced back the following week, however, with a 2-1 win over Rockhurst.

The Lady Miners went on to win the Pizzaz Classic by defeating Gardner-Webb 2-0 and Lenior-Rhyne 4-1. Natalie Sanders, Amber Fischer, Stephanie Ingalls and Rachel Lewis were named to the all-tournament team.

Overall, the season was a true record-breaker. Not only were new individual records broken, but several new team records were established as well. Freshman Natalie Sanders set the record for goals in a season with 25 and points in a season with 59. Crissy Eckhoff and Amber Fischer tied for a new assist record with 10. Goalkeeper Rachel Lewis set a new high in shutouts with 10. Overall the team set records in wins, goals, assists, points, and shutouts. The Lady Miners finished their most successful season ever with a record of 12-6-2.

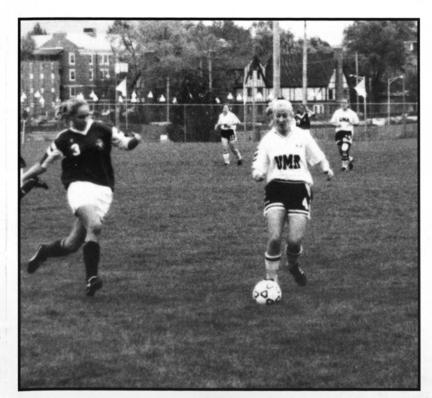

After being double-teamed by opposing defenders, freshman Serena Jagtiani looks to pass the ball to freshman Natalie Sanders.

# Winter Sports

It was a year of highs and lows for the indoorminded Miners. The men's basketball team finished with a disappointing 2-14 record in conference play. This was mostly due to injuries suffered by two of their most consistent players, Jamie Brueggeman and Jeff Kokal. That loss contributed to an eleven game losing streak that sunk the Miners into last place in the Mid-America Intercollegiate Athletics Association. It was an unfortunate way for senior Rod Jackson to end his career despite leaving behind team records in games played (110) and steals (205).

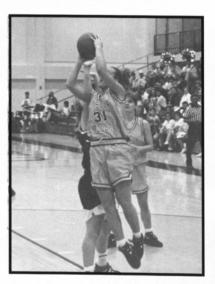

The Lady Miners fared somewhat better than the men. They finished above .500 due greatly to the shooting of freshman Becky Reichard as well as the efforts of Christie Williams and Katherine Kersten.

Both teams finished their season with honors as Jamie Brueggeman and Katherine Kersten were named to the Academic All-District team.

Also, the UMR swimming team won the Mideast regional for the third consecutive year. The Miners dominated the meet with six first place finishes.

#### Multipurpose Expanded

As the views changed, so did the needs of the campus. One major need was in the area of athletics. "We had a great need for additional space. With intramural, recreation and varsity we simply did not have enough space," said athletic director Mark Mullin. To solve this problem over 4 million dollars was spent to expand university's multipurpose building. The expansion was to include the construction of three multipurpose basketball courts, 1 squash court, a new aerobics/martial arts room and some new office

Photograph by Mike Weber

space. Some changes would also be made in the existing multipurpose building to balance out the entire complex.

On the surface this construction seemed like a great addition to the campus. But not everyone seemed to Some students agree. questioned the use of university funds to expand a recreational facility while the possible passage of the Hancock II amendment threatened to double tuition. But there was justification for the allocation of funds. "It's just one part of a campus-wide program to develop leadership in our graduates. One of the best ways to do this is through physical exercise. Intramurals are a very

productive way to allow for this," said Chancellor John Park. Some students shared this belief in the importance of exercise and intramurals. "In order to be mentally fit, you must also be physically fit," said sophomore Carla Roth.

There were still those students who would have liked to see money spent in other areas. "I would have rather seen the money go into air conditioning in some rooms that need it," said senior Chris Kunz.

Other students were in favor of expansion but simply did not like the way it was done. "I don't like the new indoor track. I think we would be better off making a real indoor track or nothing at all," said senior Brian Collingham in reference to the new 150 meter running track.

Despite those few who opposed the addition to the multipurpose building, most students were happy about the changes and were pleased just to see something new on campus. "I think any addition would be good because it gives more space and allows students to use the facilities more effectively," said freshman Chris Mayberry.

# Streak Ruins Miners Record

The men's basketball team attacked the 1994 season armed not only with experienced lettermen but also with new talent. UMR opened its season with a 91-70 win over Lyon University thanks to the efforts of Rod Jackson (23 points), Tim Holloway (20 points) and Jamie Brueggeman (18 points).

The Miners spent Thanksgiving weekend in Erie, PA, where they competed in the Gary Miller Classic at Gannon University. The Miners picked up a loss and a win against

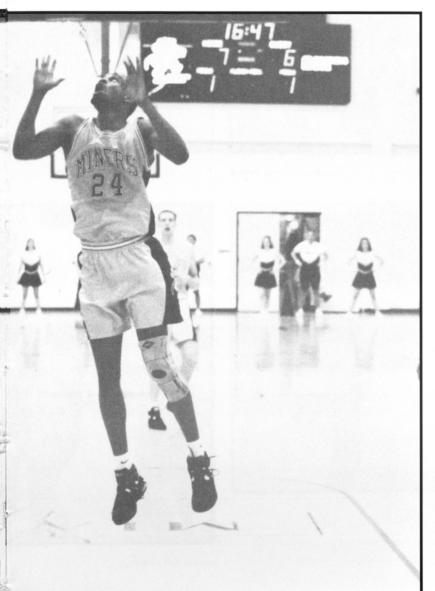

Oakland and St. Augustine's. Sophomore guardTim Holloway was selected to the all-tournament team and Jamie Brueggeman was the tournament's top rebounder.

UMR stretched its winning streak to 8-1 with wins over Rockhurst, St. Joseph's, Quincy, Maryville, Westminster, and Lindenwood. However, the Miners suffered a loss to Drury College, leaving them with a record of 8-2 going into the holiday break.

The new year proved to be a chal-

lenge for UMR when they faced Missouri Western in the conference opener. Though the Miners were defeated 77-88, they bounced back with a 76-69 victory over Northwest Missouri.

The following games brought losses to Washburn and the University of Missouri-St. Louis during an eleven game losing streak. This string of losses during the heart of the Miners' conference schedule would leave them with a MIAA record of 2-14.

# Rebuilding Lady Miners Post Winning Record

Even though faced with the challenge of replacing all-time leading UMR point maker Joee Kvetensky, head Coach Linda Roberts and her Lady Miners had hopes of opening this season as successfully as last season. Though Kvetensky served as a student assistant coach this season, she left the team with a scoring gap to fill.

UMR showed it was up to the challenge in its opening win against Central Methodist. The Ramada Inn/

Lady Miner Classic gave the team an overtime win against SIU Edwardsville and a loss to Nebraska-Omaha. The Lady Don Invitational in Ft. Wayne, IN left UMR with one win and one loss when it faced Gannon and Fort Wayne.

The Lady Miners had a record of 5-3 going into the Grand Canyon Classic in Phoenix, AZ. They lost to St. Martin's College in their first game but defeated Western State 94-80 in game two.

Conference play was full of ups and downs for UMR. The team lost its first conference game to Missouri Western, but then defeated Northwest Missouri. UMR continued this pattern in it's following two games with a loss to Washburn, and a win against Missouri-St. Louis.

The Lady Miners finished their season with an overall record of 15-12 and a conference record of 9-7.

After earning their third consecutive conference championship, the UMR swimmers and their coach Mark Mullin celebrate their win.

#### Three in a Row

For the third consecutive year the UMR swimming won the Mideast Regional Championship. This combined with a 6-1 dual meet record made for one of these Miners' most notable seasons. The only loss suffered by the Miners in dual meets came at the hands of Division I power Southwest Missouri State by only six points.

Notable members of the team were Dikan Rendic out of

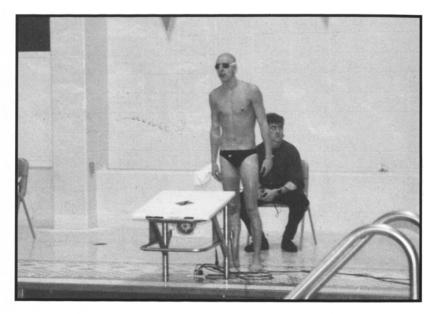

Split, Croatia, and Bill Unzicker from Decatur, Illinois. Rendic was a member of the winning 400-yard medley team whose sit in at the Mideast Regional Championship catapulted the Miners to the championship. Other members of the team were Eric Jelinek, Tyler Christensen and Ryan Uptmor.

Six first place finishes in all gave the Miners a dominating

win at the championship. Wade Haggstrom won the 100-breastroke. Bill Unzicker made contributions to the team by winning the 400-individual medley, the 1650-freestyle and the 200-butterfly. The sixth win was produced by Tyler Christensen in the 200-breastroke.

These wins led to an outcome that had the Miners beating the nearest team by more than 100 points.

# Spring Sports

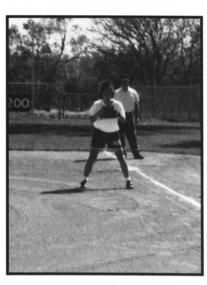

With respect to teams, there was little to be happy about in the spring sports season. Both the baseball and softball teams ended below the .500 mark. This was especially disappointing for the lady miners who started the season with an eight game winning streak only to finish one game below .500. The UMR Golf team also had its problems, finishing near to last in several of its matches. The UMR tennis team did post a winning record for the second straight year, but finished only fifth in the MIAA Championships.

With respect to individuals there was a great deal of success to be seen. Records were broken on the baseball team by Nathan Wade and Dan McGinnis. Softball records were set by Melanie Rohrer, Nicki Wray, and Brandy Broeckling. Three members of the UMR golf team (Brian Panka, Matt Henry and Jeff Neemann) were named the MIAA All-Academic team. On the track, new records were set in the mile relay by the team of Denise DeGeare, Polly Robinson, Amy Barnes and Tracy Jones. A new record for the 800 meters was also set by Tracy Jones.

So even though there were few winning records put up by UMR teams the past year, there was still a great deal accomplished.

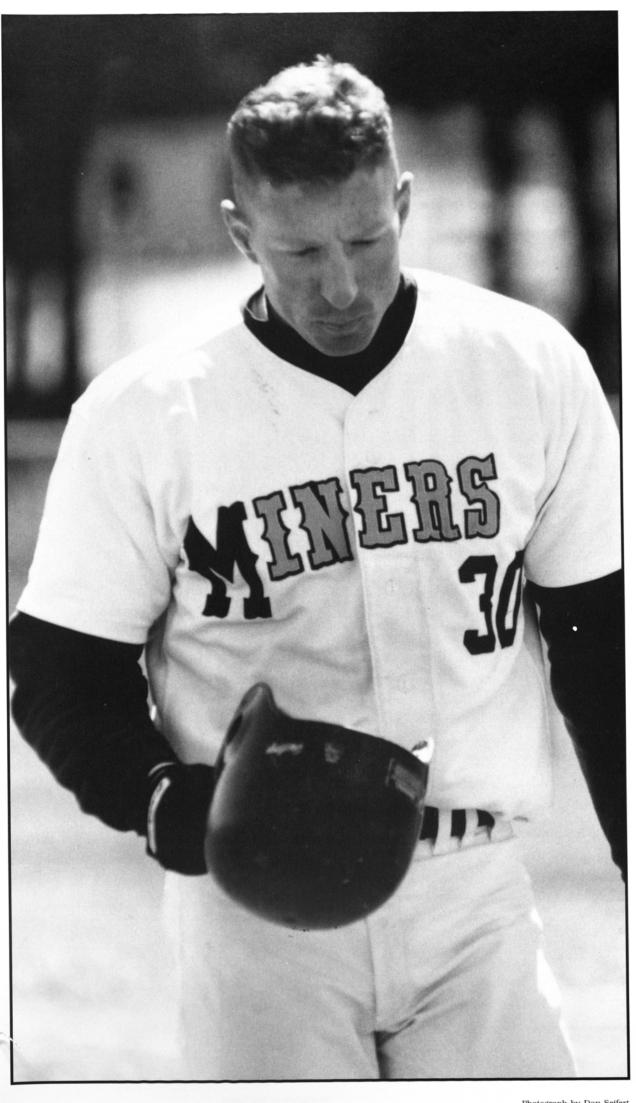

Photograph by Mike Weber

Photograph by Mike Weber

Photograph submitted by Les Boyum

Junior left fielder Nathan Wade was an offensive power for the Miners leading the team with .333 batting average.

## Miners Look Toward Future

The 1995 season was one of progress for the Miners. Though they finished under .500 for the eighth straight year, they won more games this season than in any other season since 1987.

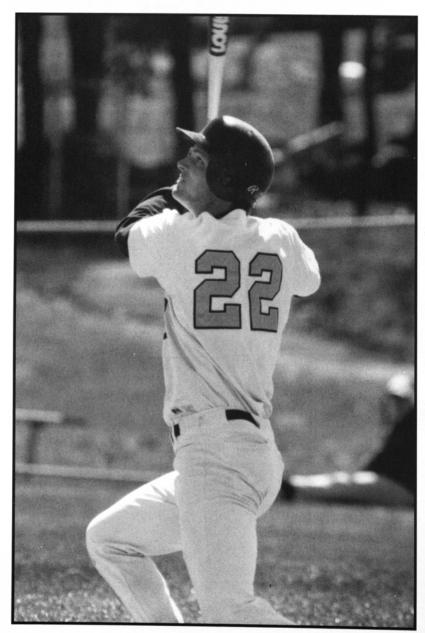

With these wins came a number of new school records. Nathan Wade broke the record

RBI leader Dan McGinnis watches the ball leave his bat and sail into the outfield.

for hits with 46 and led the team with a .333 average. Dan McGinnis had 33 runs battted in to set another record. Chad Fuesting scored 35 runs to set a new mark for runs scored in a season. Even the younger miners got in on the act. Freshman Matt Bryant tied the record for most home runs in

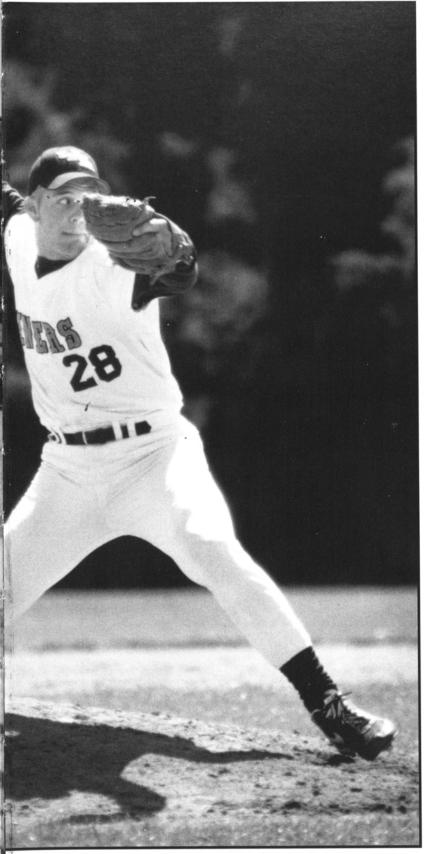

a season with five.

As a team, the Miners had a .273 average and scored 241 runs. They finished the season with a 3-16 record in conference and an overall record of 14-28. UMR hopes for further improvement next season with the return of more than ten players.

#### Good Start, Tough Finish

The Lady Miners approached the 1995 season with hopes of competing with the top teams in the MIAA. They began the season with eight consecutive wins and won eleven of their first 14 games.

As the season progressed, several school records were broken. Melanie Rohrer tied her own record of 23 stolen bases and set new records with 56 hits and 45 runs scored. With a .343 batting average and 28 runs batted in, first baseman Teri Marvich was second on the team in most of the offensive catagories. Second baseman Brandy Broeckling set a new record in the MIAA by handling 130 chances without committing an error in the field.

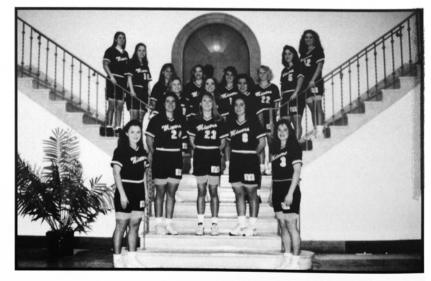

Though UMR enjoyed success early on, the season came to an abrupt end when a 1-5 performance at Shawnee, Kansas prevented the team from qualifying for the MIAA Tournament. The Lady Miners finished the season with a pair of losses to Southern Illinois at Edwardsville, bringing their total overall record to 24-25.

#### Miners Keep Pace

Photograph submitted by Les Boyum

The track team opened the season at the Rhodes College Invitational with several solid performances. The Miners finished in second place overall thanks to five first place finishes, and the lady Miners claimed third place overall with four first-place finishes.

This was just the beginning of a successful season for UMR. This success was a direct result of the efforts of such athletes as Ryan Unterreiner, Bob Etien, Kim Finke and Tracy Jones, who consistently performed well.

This season was also one filled with broken school records. The mile relay team of Denise DeGeare, Tracy Jones, Amy Barnes and Polly Robinson broke the record for the event at SIU-Edwardsville and later broke that record at another meet. One member of the team, Tracy Jones, also set an individual record in the

800-meters open. While Polly Robinson set a new record in the 400 meter hurdles. On the men's side, Brian Gorman broke the record for the hammer throw with a throw of 151' 2".

To end the season Bob Etien finished 4th in the 1500 meters and Tracy Jones finished third in the 800 meters at the MIAA Conference meet.

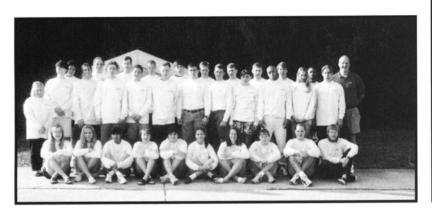

Amy Barnes is all alone in the women's 800 meters.

#### Winning Season

For the second straight year the UMR tennis team posted a winning record. This came only after the Miners won four matches before entering the MIAA Championships in Maryville, Missouri.

This record was due largely in part to the efforts of players like Methi Bengisu, Chris Brannan, Matt Hamlin and Steve Kadyk. All four posted winning records in singles play over the course of the season.

#### Tough Season

The record for the UMR golf team speaks for itself. It was a disappointing season for the Miners. This was despite the efforts of team members such as Troy Pinkerton, Brian Panka, Bill Keuss and Matt Henry. All four performed consistently well throughout

the course of the season.

To dull pain of the season, three members of the team were named to the MIAA All-Academic team. Those three were Brian Panka, Matt Henry, and Jeff Neemann.

#### Intramural Sports

It was a typical year for intramural sports. There was the thrill of victory, the agony of defeat, great displays of sportsmanship and couple fights.

In the Mens' competition Sigma Phi Epsilon almost ran away with the title by taking first place in six out of the seventeen sports.

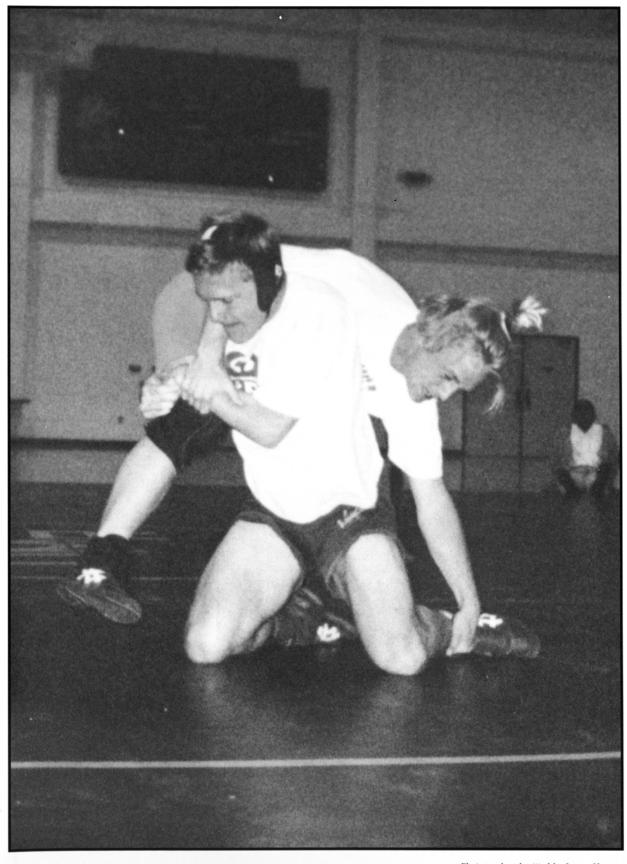

The womens' competition was a different story. It came down to the final game but when it was all over, Zeta edged out Chi Omega for the womens' intramural championship.

#### Alpha Phi Alpha Alpha

The brothers of Alpha Phi Alpha Fraternity, Inc. (Epsilon Psi chapter) held their annual extravagant Black and Gold Ball in 1994. In addition to the Epsilon Phi chapter, other chapters of Alpha Phi Alpha were also invited to attend the ball. Many members of other chapters joined in the festivities with their Epsilon Phi brothers that night.

Left to right. Front row: Rodrick Jackson, Torrance Jones. Back row: Michael Smith, Tony Blue.

Photograph submitted by Kappa Alpha Psi.

Above: Helping Rolla get in the Christmas spirit, Michael Smith decorates Phelps County Bank during Pine Street Cleanup. The objectives of Kappa Alpha Psi are to unite college men of culture, patriotism and honor in a bond of fraternity; to encourage honorable achievement in every field of human endeavor; to promote the spiritual, social, intellectual and moral welfare of its members; to assist the aims and purposes of colleges and universities; and to inspire service in the public interest.

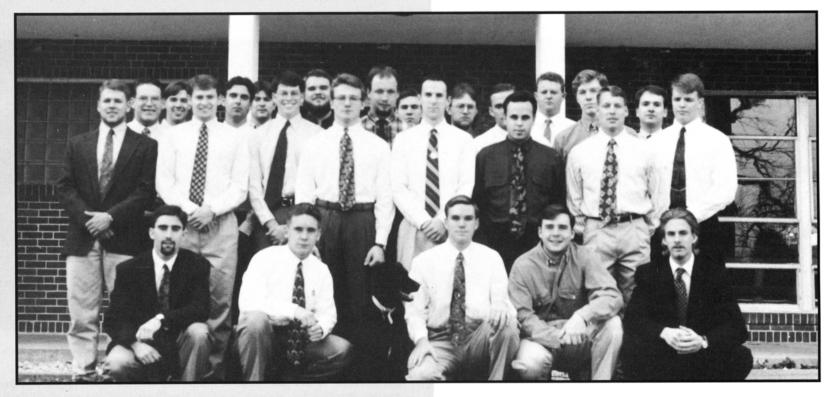

KAPsi means INTEGRATION of the objectives of the fraternity, colleges and the community. KAPsi means ACHIEVEMENT.

Some of the activities of KAPsi includes yearly conference of undergraduate members for the development of leadership potential, a career orientation program for youth called Guide Right and the KAPPA League, and a yearly alumni and undergraduate conferences in each region for the handling of business and many networking opportunities.

KAPsi means continuous training for undergraduates in the art of leadership, recognition of responsibility, a sense of purpose, intellectual competence and moral character. Selection for membership is based upon these aims and purposes. Kappa recognizes that the 21st century will demand new techniques, new ways of thinking, and enhanced creativity.

Kappa Alpha Psi encourages you to accept the challenge of the future and seek achievement in every human endeavor.

#### Lambda Chi A

Sartain, A. Reisinger, R. Niles, S. Preston, D. Swain, Z. Wester, J. Baker, M. Riley, D. Schulte, B. Birky, M. Prissovsky, R. Zung.

The Alpha-Delta Chapter of Lambda Chi Alpha continues to succeed and plays an active role on the Rolla campus. The chapter continues to grow and offers a valuable experience

to all of its members.

They began the past year by taking second place in intramural football. Their annual Chicken Benefit Dinner was another big success and raised over \$2000 for L.O.V.E., the Gingerbread House, and The Choices for People Center. In December, everyone enjoyed their Christmas dance; a good time was had at their White Rose Formal which they held in March, and at St. Pat's. They are also planning on a great Greek Week in the upcoming year.

#### Phi Kappa Theta

Photograph submitted by Phi Kappa Theta.

Phi Kappa Theta currently has 70 active members with five away on co-op jobs. The Brothers of Phi Kappa Theta have been very active with service around the Rolla community. Different service projects include working with Hope 3, charity benefit dinners, and scheduled highway cleanups. During the Fall '94 semester, they had 3 members earn a 4.0 GPA, Andy Martine and Matt Evers, and an associate member Jeff Purvis. Phi Kappa Theta has had a busy and enjoyable '94-'95 school year.

Left to Right. Not pictured: Derek Dabrowski, Steve Dumortier, Rick Goldammer, Marc McManus, Brett Williams.

Σ Φ Ε Sigma Phi Epsilon closed the 1994-95 year with a strong finish in several areas that define "balanced men."

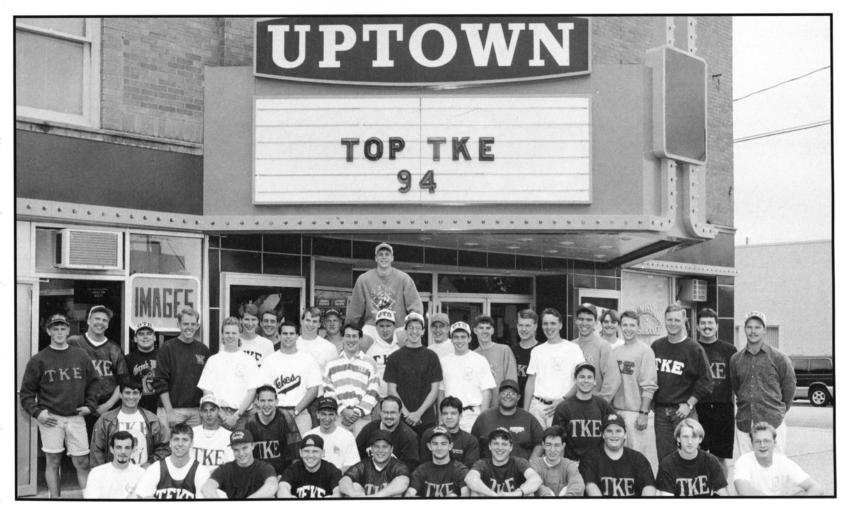

Academics: With a combined GPA of 2.95 for the Fall of 1994, Sig-Ep finished third in all organizations and looked to do comparable in the Spring of 1995.

Athletics: Sig-Ep lead intramurals by over 100 points in April 1995 and closed out an intramural championship at the end of that month. They have been a perrenial favorite for first place for years at UMR.

Philanthropy: They have always taken time out to help those less fortunate than ourselves. Sig-Ep has supported the Cerebral Palsy School of Rolla since the early seventies and raised at least \$500 this year. They organized a work project in March 1995 to help with manual labor needed to keep the CP School intact.

Recruitment: A successful chapter draws quality men in search of enhancing their leadership skills and wanting to be a part of a winning tradition. Sig-Ep had the largest Spring Pledge class with five and had signed five for the Fall of 1995 as of April 1995.

Alpha Kappa Alpha Sorority, Inc., Xi Delta Chapter was chartered on December 8, 1981 on the University of Missouri Rolla campus. The chartering exemplified the determination and dedication found in the original founders of the first chapter of Alpha Kappa Alpha.

This chapter had continued to prosper and strive to make a difference on campus by participating in community service, funding an African village, and being mentors for middle school girls. Xi Delta has initiated many programs which enhance the academic, mental, and social atmosphere on this campus. The chapter has assisted many organizations and has performed many community services: aided in chartering of Rolla area NAACP, annual Crop Walk (most money raised for sororities in Fall 1990), facilitates forums relating to women and girls, and sponsors cultural awareness events. Last but not least, the chapter actively recruits well-rounded young ladies.

The chapter consists of young ladies with diverse interests but common goals and aspirations: promoting education, strengthening the black family, supporting Black Dollar days, mentoring young girls, and advocating wellness for the mind, body and soul. Overall, the sorority gives more to its members than can ever be repaid: leadership and organizational skills, community involvement, social activities, team building, and international sisterhood amongst a multitude of unique ladies!

Davenport, Susan Koeller, Angela Passanise, Tara Muehe, Jen Remley, Michelle Occhipinti, Marites de los Santos, Kelly Goodman, Jennifer Bischel, Erica Hargis.

Chi Omega is a unique sisterhood composed of nearly sixty-five members. Chi-O's are involved in intramurals, Student Council, Panhellenic, and many other campus activities. Each year Chi Omega sponsors a Spaghetti Dinner and all of the proceeds go to charity. Chi-O actively participates in Homecoming, St. Pat's, and Greek Week. All of the Chi-O's are very busy, but still find time to exceed academically as well as to attend social events with other organizations. If you are interested in finding out more about sororities and being Greek, contact the Greek Life Office in the University Center.

Back row: Dawn Sharp, Rayna Koopman, Jen Downes, Amy Rein, Christy Land, Kate Gertken, Tricia Hudson, Chris Zimmer, Christy Everritt, Dawn McCoy, Anica Winkle, Angie Day.

The ladies of the Eta Theta chapter of Zeta Tau Alpha had an excellent and busy two semesters this year. Coming back from National Convention with the silver award for membership which is only awarded to the top 30 chapters along with the Crow Chapter Award and the addition of 15 awesome new members from formal rush started the fall semester off great for Zeta Tau Alpha.

They continued to excel through service projects, social activities, and scholarship. In September, they held their annual charity volleyball tournament hosted by Kappa Sigma and Sigma Nu with proceeds going to the Susan G. Komen Breast Cancer Foundation, their National Philanthropy, along

with many other small service projects.

October started off with a bang for Zeta Tau Alpha with Homecoming. Zeta was very proud of their own queen candidate, Miss Stacy Walker, as well as the Zetas who represented other houses. Congratulations to Miss Leslie Frost and Miss Lisa Stiles who were both members of the Queen's court. Zeta also hosted is annual theme party which was "Barn Dance 1994". Everyone had fun being cowboys and cowgirls for the night. Greek Sing also approached the Zeta house at the end of October with "Retrosing". Zeta "Walked Like and Egyptian", got "Physical", and showed everyone that "Girls Just Wanna Have Fun" to take first place with help from their band from Sigma Chi.

Zeta held its White Violet formal in

November. They tried something new this year with serenading their dates before the formal at their respective houses. With their new pledge program, December brought the initiation of their 15 new members.

Zeta began the second semester with a tremendous rush, welcoming 11 new members to the house. In the meantime, they were busy sponsoring their annual "Pie in the Face" fundraiser and their "Seesaw Marathon". Both events raised well over \$1500 for the Susan G. Komen Breast Cancer Foundation. They also participated in bowling for Big Brothers/Big Sisters, hosted an Easter party for them, and made decorative picture frames for the nursing home in town.

February brought an excellent lockin Sisterhood Retreat. It was a great time for sisters to take a break from school and relax and have fun together. St. Pat's brought some hard work and a whole bunch of fun. Zeta was proud to present its float depicting "Famous Female Firsts" and had a great time participating in the follies and Gonzo and Games. In March, they welcomed a Traveling Leadership Consultant sent by their National organization to help them prepare for an awesome formal rush.

The end of the semester brought lots of studying and the initiation of their new members into the organization. Overall, they had a good time with good friends.

#### 1995 St. Pat's Queens

Each of the fraternities, sororities, residence halls, and organizations had the option of electing a 1995 St. Pat's Queen of Love and Beauty candidate. Not only was it an honor for the queen candidates to be asked to represent the organization, but it was also an opportunity for the organization to gain points towards becoming the overall St. Pat's winner.

#### Greek Life and Changing

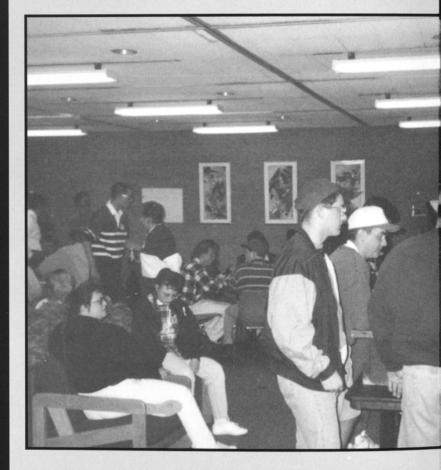

For years now, Residential Life and Greek Life have been completely separated, never cooperating or working together and often feuding. These two groups seemed to excel at stereotyping each other; hall government people were fond of referring to Greeks as 'frat boys' and those involved in Greek Life called the residents 'dormies'. All this started to change during the 1994-1995 school year.

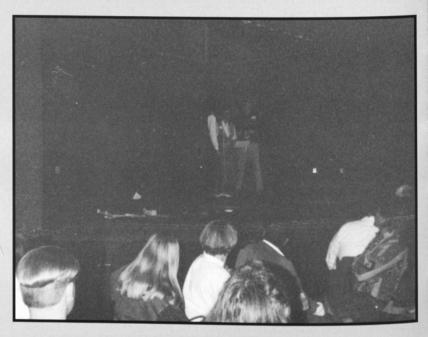

The year began on a positive note when, for the first time ever, Greek Life and Residential Life joined forces to hold a Greek/Residential Life Social in Thomas Jefferson Hall. Together, the two groups gathered in the South Lounge to talk to the residents, especially freshmen, about their living situations. This gave the participants the opportunity to pique interest in their respective organizations in a casual, relaxed atmosphere. Greeks were able to go directly to the residents to inform them about the Greek system, particularly rushing, while hall government was able to draw more residents into the spirit of Fall Fest, their three-week long program designed to ease the transition from home to college.

Combining at the Freshman Preview, Residential and Greek Life members helped prepare incoming freshmen and their parents for the leap from high school to college. They worked together to prepare skits and videos to illustrate the many aspects of a college student's life. Each Residential Life member paired with a Greek to facilitate a small group discussion with the high school seniors and the parents about many of the fears, concerns and excitement they were experiencing about the impending move to college.

The two groups also agreed to join forces and volunteer at the Campus Community Orientation program for incoming freshmen in the Fall. This requires that Greek Life and Residential Life participants return to school several weeks early and attend programs with the freshmen, helping them adjust to their new homes.

Perhaps the largest example of cooperation was shown in their latest effort, the Residential Services Focus Group. This conglomeration of Greek Life and Residential Life members concentrated on improving relations between the two groups. The first issue addressed was the use of the Academic Enhancement Center (AEC). Members of the Greek system said that they often felt uncomfortable using the AEC because of the attitude of the people living in the residence halls. Residents often complained about Greeks being allowed

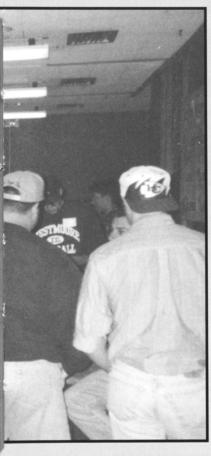

Greek and Residential Life representatives perform a skit at a Spring Freshman Preview.

Photograph by Natalie Dixon.

#### Residential Life Directions

Incoming freshmen and their parents mingle with Greek Life and Residential Life representatives at Freshman Preview

Photograph submitted by I.F.C.

to use 'their' AEC; they didn't realize that although the AEC is coordinated by Residential Life and currently housed in the residence halls, it is a campus-wide program open to all students. In fact, a great number of files and helpful material present in the AEC was donated by fraternities and sororities. The focus group worked on spreading this information to the residents, fraternitites and sororities to help alleviate animositity between the two groups.

Other issues with which the group dealt focused on interaction between Residential Life and Greek Life. The idea of organizing activities and events that included both sectors of Student Life was considered, as was the idea of leaders of both groups attending some sort of leadership training together such as the annual hall government leadership forum. The organization within Residential Life and Greek Life were compared in the hopes of using the best aspects of each to improve the quality of living and leadership.

Much progress was made this year towards a greater amount of cooperation and interaction between Residential Life and Greek Life. Stereotypes were forgotten, as attitudes changed drastically. If progress continues on the same level, within several years, Greeks and residents will be working together on policies, planning activities together, and leading together.

Everything from Ultimate night and Ultimate tournament, to Snow Tackle Ultimate, 1N has done it together! Murals, blood drives, St. Louis haunted houses, movie nights, rocky Horror Picture Show, appreciation parties, paintball, you name it. Do you doubt them? One phrase says it all: 'Shut the #\$%@ up!!'.

#### Four North

Photograph submitted by 4N.

Left to right. Front row: Jason Brinker, William Sexton, Mike Pinkerton, Mike Pelikan, Tim Becker, Mike Chypka, Kevin Robertson, Edwin Sorina, Dave Nestler, Barry Litchfield, Chris Ventimiglia, Eric Black, Joe Batcheler, Tallis Brown, Anthony Jones, Arnett Thomas, Mark Rooney. 2nd row: Mike Jones, Mackenzie Mercer, Chris Ray, Jay Schneider, Cameron Denison, Matt Willard, Will Helden, Chris Bookout, Will Yount, Erik Martel, Ben Retzinger, Eric Bothe, Shannon Knoepflein, Deniz Ozisik, Tim Shepardson, Kirk Junker, Tim Hughes, Dave Tijerina. Back row: Steve Fallon, Jamie Forrester, Mark Wilper, Scott Schultz, Doug Wood, Dan O'Neal, Dan Fermanek, Eric Link, Kris Scholl, Chad Lueders, Josh Skaggs, Scott Brauer, Jack Baker, Jason Sebright.

4N had an incredibly successful year this year, nearly sweeping the TJHA year-end awards. Among their awards were 'Floor of the Year', 'Lieutenant Governor of the Year', Josh Skaggs, 'R.A. of the Year', Barry Litchfield, and 'Informational Program of the Year', the 4N Gazette. The Gazette was a newsletter published monthly by the members of the floor to keep each other informed and entertained. Included were reports from the RA's and floor officers, poetry, interviews, and, of course, the 'Gimp of the Month Award'.

The coveted title of 'Ultimate Floor' was also awarded to 4N after a busy year of winning one TJ competition after another; whether it was a charity fund-raiser or a fun-filled game, Four North was involved. In addition to all the TJHA recognition, 4N also received special recognition from RHA and NRHH who elected Chris Ray 'Student of the Year', one of the highest awards in hall government.

4N bonded together from the start and spent the rest of the year leaving their mark and, most importantly, having fun.

Chris Ray, Kris Scholl, Eric 'Gimp' Link, Josh Skaggs, and Tim Becker pay homage to their beloved RA, Barry Litchfield.

9S has been an active floor this year in many areas. They sponsored their annual Trick-or-Treating Night for the Rolla area children which received the TJHA Social Program of the Semester award. Nine South also took third place in TJHA's Deck the Halls contest and had Secret Santas at Chrismas time. They had a weekly movie night, and many 9S residents were involved in activities such as intramural sports, theatre productions, orchestra and, of course, hall government.

Bridgette Ganley relaxes after a long, hot day at Camp Moval. Hall government and RA's attended training two weeks before classes started and spent 3 horrid days at Moval.

**House**Six

House 6 had a busy year. They took multiple trips to Jefferson City to go ice skating and they also went repelling. The walls of the hallways took on new life with the murals they painted. The RHA indoor soccer tournament provided a chance for the house to play soccer together. House 6 also went hiking and enjoyed a nice relaxing house picnic together.

It's amazing what some people will do for volleyball. These Volleyball Clubbers practiced at 6:00 am twice a week and then got up before the sun one Saturday to travel to Columbia to play MU's V-ball Club.

If you're stranded on a deserted island, what should you do first? At the NRHH Leadership Trip, these folks learned that a good leader would calm the hysterical person and treat the sunburn victim before looking for food.

No float is complete without a word from its sponsors. Natalie Dixon and Bridgette Ganley paint the advertisements for the TJHA St. Pat's Float, 'The First Woman at UMR/MSM'.

Even without a regulation volleyball available, these creative Quadlings managed to play some sort of sand v-ball.

Photograph by Natalie Dixon.

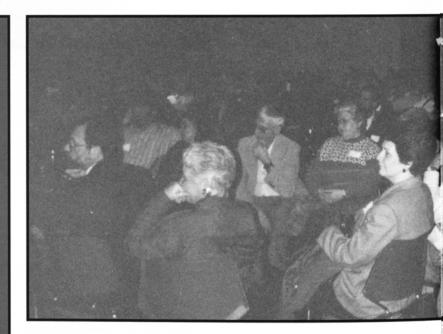

#### "Making

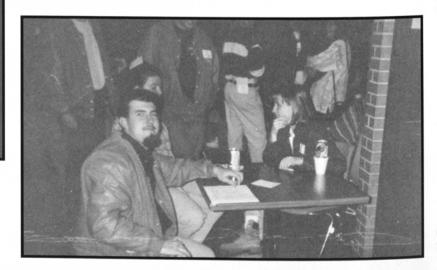

#### A Change of Freshman

During 1995, all incoming freshmen and their parents were required to attend Freshman Preview, the UMR version of orientation. For the students who preferred an early session to a summer, three different sessions were offered during February and March. Student representatives from Residential Life and Greek Life joined together for "Making Connections", one of the many portions of Freshman Preview.

For "Making Connections", parents and incoming students were divided into separate, small groups with two facilitators, one from the residence halls and one from the Greek system. The facilitators participated in three skits dealing with the academic, social, and campus connections at UMR. Each skit was followed by a discussion period during which the facilitators answered any questions their groups asked; facilitators also offered any comments and advice which they thought would be helpful to their groups.

The parents found the program to be very beneficial. "It was the most interesting and useful part of the entire orientation--our only chance to speak with students in a small group and ask them anything we wanted," said Brenda Dixon, the mother of an incoming freshman. Kevin Solofra, one of the

IFC and Panhellenic representatives prepare to mingle with the incoming freshmen and their families and inform them of the opportunities of Greek Life.

Photograph by Natalie Dixon.

#### Connections

## Direction for Orientation

Photograph by Natalie Dixon.

Watching one of the skits, a group of parents ponder the points the student actors make and remember questions they had about college life.

Photograph by Natalie Dixon.

This happy Greek representative is manning one of the tables of IFC and Panhellenic's Casino Night which was held as a social for the incoming freshmen and their families after the

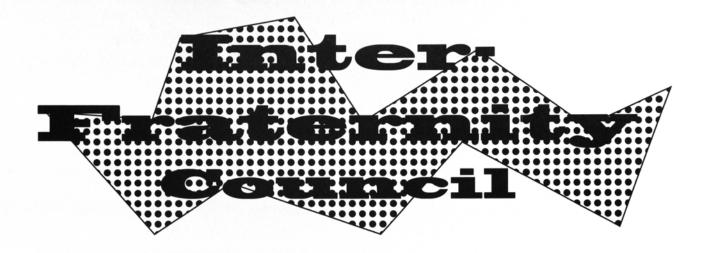

"Making Connections" program.

facilitators, found that in general, the parents had many more questions and concerns than the students did. Another facilitator, Erin Kenney, agreed with Kevin and added that "How's the food?" was one of the most commonly asked questions she heard from students and parents alike.

Jeff Schroeder, one of the Residential Life representatives, thought that several things made the Freshman Preview program successful. "The opportunity for prospective students to talk about college with 'real' students was great; so was the free pizza," he said.

One of the Panhellenic Council representatives, Karlynn Herman, found the program to be an excellent way for incoming students to find out what college was really like, to meet current students, "and for us to meet them."

As a whole, the student facilitators involved with the "Making Connections" program felt that it was much more fun and useful than any part of the old orientation program which they attended. They also enjoyed knowing that they might have made the transition from high school to college a little smoother for some people; the students welcomed the chance to share some of the knowledge they have acquired over the years they have been at UMR.

Photograph by Kristen Stroik.

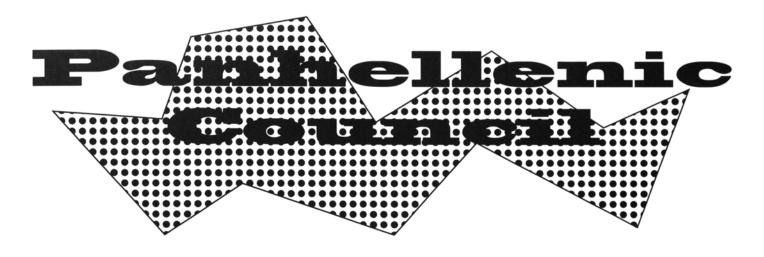

Throughout the 1994-1995 school year, the IFC sponsored many events which have benefited the campus, the community, and various charities. With the help of the Greek community, the IFC donated a record amount of money to local charities. Proceeds from Greek Week and Greek Sing helped them donate almost \$800 to the Cerebral Palsy Schools and other charities. The IFC also sponsored a loose change drive for the South-Central Missouri Shriner's Club, which helps disabled

and crippled children of low income families. They raised \$200 for L.O.V.E. last year with this event. The IFC has also sponsored canned food drives and recyclable metal drives benefiting L.O.V.E. During the Greek Week blood drive, Greeks accounted for almost 75% of the 730 units of blood donated. The IFC also adopted at 2.0 mile stretch of Interstate Highway 44 east of Rolla for litter control.

The IFC has also sponsored several social events to celebrate Greek life and to bring their fraternities and sororities closer together. During the fall, the IFC sponsored the Greek Hayride and Greek Sing. The hayride featured a pig roast, live band, bonfire, and hundreds of friends together for a great time. Greek Sing featured a battle of the bands between individual fraternities. Last year, Greek Week was a huge success; all the fraternities and sororities rallied to celebrate the annual event. In a change of policy, the IFC decided to move Greek Week '95 to the fall.

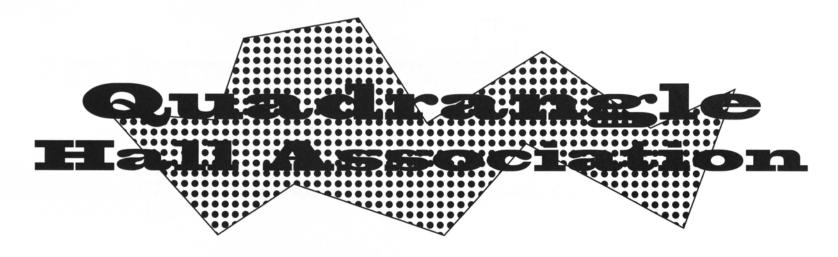

One of the IFC's biggest concerns is to increase the number of people involved in

the Greek system. The IFC has mailed a Rush booklet to all incoming freshmen, has sponsored Greek events at the spring orientations, and holds a Greek Rush Weekend. The Rush Weekend has the sole purpose of exposing non-Greeks to the Greek system and showing them what it has to offer. Last fall, over 200 new individuals joined the Greek system. They hope to help increase this number for next fall.

## Spelunkers Club

Photograph submitted by Spelunkers Club

Members: Rob Tayloe (President), Bart Potts (Vice President), Kim Stewart (Secretary/Treasurer), Richard Dalton, Chris Hoer, Steve James, Patrick Anstaett, Hal Baker, Nathan Barrow, Mikki Beck, Steve Bennett, Joshua Bissey, Justin Block, Jim Bowman, Tim Bruns, Patrick Burd, Michael Carlson, Vickie Clark, Lorna Cohen, Jim Collier, Terry Cruse, Steve D'Arche, Steve Davis, Ryan Delapp, Ian Downard, Darryl Ehlers, Gregory Frost, Kathy Grote, Laura Gwinnup, Carl Herbold, Jr., Jon Isaacson, Mike Johnson, Nancy Johnson, Michael Jones, Sharon Jones, Ingeborg Kaus, Angela Kleine, Wayne Kuethe, Todd Kuethe, David Lilly, Sarah Maxon, Eric Murr, Dan Ombalski, Nick Paladin, Kathy Reese and Kathy Reynolds.

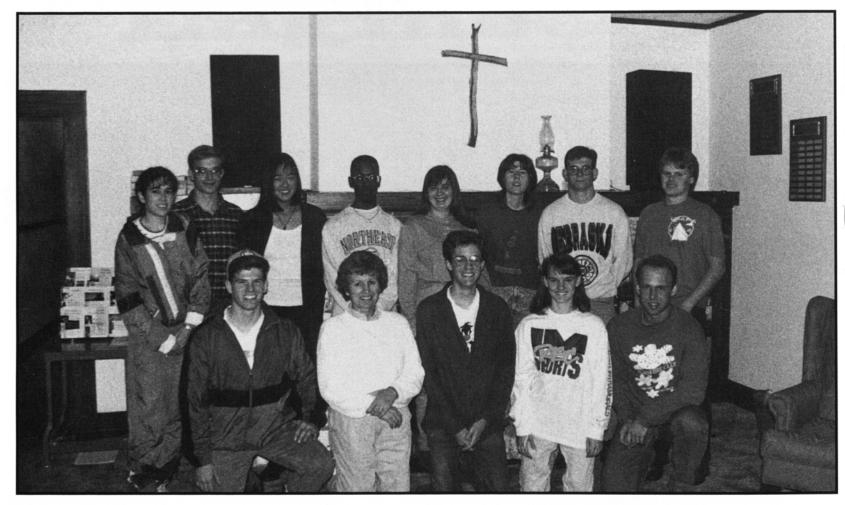

The Missouri School of Mines Spelunkers Club is the oldest organized cave exploring grotto in the state of Missouri. The MSM Spelunkers Club has been promoting caving since the mid-1930's, and continues to be devoted to locating, exploring, surveying/mapping, and preserving cave and karst systems. Any interest from just enjoying a cave for esthetics to cave rescue training are offered to

club members. The purposes of the club is to 1) bring people together who have an interest in the exploration, geology, surveying, photography, and preservation of caves and cave life; 2) promote and teach safe cave techniques; and 3) inform people, individuals and groups, of cave conservation and preservation. To show our commitment to the environment, the MSM Spelunkers Club removes trash from many local

area caves and has also adopted a section of I-44 for litter removal.

No previous experience is necessary; just a desire to cave, and learn more about them. Some of the benefits of being a member are use of club equipment, access to caves that are not open to the "non-organized caver", and multi-day caving trips, many to out-of-state areas.

# Thanks for the Memories!

What are the graduates taking with them? They have their diplomas securely in hand, and are ready to face the world (or hope they are). But face it... they've spent so much time here in Rolla, a little poe-dunk town in the middle of nowhere, when they leave, what will they remember? Lack of women? Lack of shopping? Rotten weather? Their first snow? All of these were answers written on the "Senior Memories" sheets that were handed out during senior pictures. But there HAS to be more than that...

Well, what's Rolla known for? We know that those "other schools" see us as THE engineering school, but when someone mentions Rolla, what's the first thing that pops into people's minds? The answer is easy--St. Pat's. To be honest, many people mentioned St. Pat's in one way or another. Mark Joersz will remember "the way the St. Pat's board REALLY was". Joseph Bauman recalls "those poor idiots with the tree stumps beating on those poor defenseless rubber snakes". There is no denying it. St. Pat's will always be a part of life at UMR.

Other seniors, like Barbara Corzine, Christa Kacer, Muhamad Jaapar, Mitzi McIntyre, Janet Roper, Jason Sallee, Scott Shepard, and Dyke Walden will remember all the great friends they've made over the past years. As Randy Kixmiller wrote, "I'll always remember the good times we had in Rolla where there's nothing to do." Wait a second... Nothing to do? Is he for real?

What about studying. tough classes, tests, finals--all a part of the dedicated student? Don't worry, some people will never forget that college was TOUGH! "Continuous, unending. relentless studying" is what Troy Hartwig will remember. "The Bags under my eyes that grew exponentially with the proximity of finals" is what Chad Farrenburg wrote. Apparently, Michael Arbini LIVED at the library. So UMR is not the easiest school to graduate from, and will be remembered for it.

So many memories, so little space. I'm sorry that I couldn't write everything that everyone remembers, but here are some responses that I feel say what memories at UMR are truly made of.

"The way we laugh and have a good time; as we complain about how much we have to do and how we hate our classes."

-Rebecca Posten

"College is far more than classes, exams, and grades. The friends I've had, the things I've learned, the activities I've done, the differences I've made- all of these are far more important than the GPA I wrote on my resume. When I hang my diploma on the wall, I'll know it represents a first-class education in life. To all those people who helped me, to all those people who taught me, to all those people who shared so much with me, I cannot even begin to express my gratitude. If you're reading this, you know who you are."

-Jeff Schroeder

"The one thing I will always remember about UMR is the collection of different people, personalities, and cultures."

-Heather Freeman

"I will always remember the truly wonderful people that I have met, and the friends that I have made, not only fellow students, but the faculty and staff members as well. And I'll always remember how patient Austin and Drek were with me!"

-Angel Brown

"The unpredictability and surrealness of everyday events which in many unfathomable ways have altered my life's scope."

-Geoffrey Willmoth

"This is where I 'grew up' and learned to learn."

# When I Was In College...

Yes, someday we may all say that cliche, to our children, our nieces, or our nephews. But what glorious event will follow? What are these graduating seniors going to remember as the major events that shaped life while they were at UMR?

Some, like Anthony Berhorst, will recall the visit of Margaret Thatcher. Others may remember world events. Matthew Roos wrote, "Certainly the most memorable event to occur while I attended UMR was the collapse of the Soviet Union and the removal of the Berlin Wall."

Many, such as Benjamin Canlas, Greg Wyatt, Nicole Johnson, Cheryl King, Patrick Kinhe, Missy McMurray, and Samantha Patterson will remember graduation as a high point. After so many years... "My job offer-\$50,000 at Santa Fe Railroad. Six years of school and it paid off big!" is what Elizabeth Fox said.

Then there are those who will remember their own personal triumphs. Ryan Grahmann won the in-line hockey club cup, and Craig Sorensen placed third in the high jump at the NCAA national track meet and became an All-American. Cheryl Cooper recalls the chartering of the Sigma Delta chapter of Delta Sigma Theta. Brian Collingham had a 4.0, at midterm, once. Steven Frank is proud because he passed the EIT exam. Michael Dove was a god... during Greek Week. (It's not every day you get to be a god.) Kimberly Christensen will remember going into ALICE.

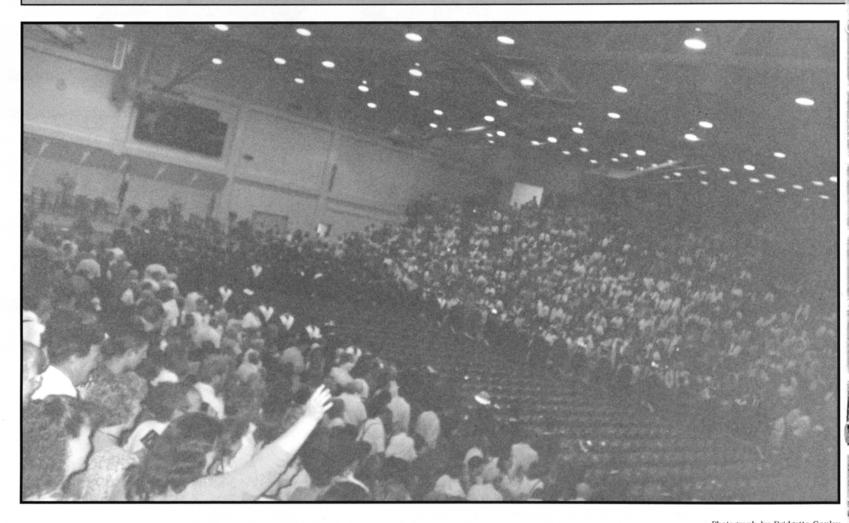

Julie Nowell met Bryan Guidry here at UMR, and Wilson Yates met his fiance... something very special. Travis Irvin's incredible moment occurred when his fiance said yes to his proposal. Steve Russell was able to put trust in Jesus Christ as his savior. All this shows that the important events in our lives may not be those that everyone knows about, but sentimental highlights.

Or the slightly odd, like Tammy Love's event, when her residents kidnapped her and her duty partner, and put her in leather restraints. They have pictures!

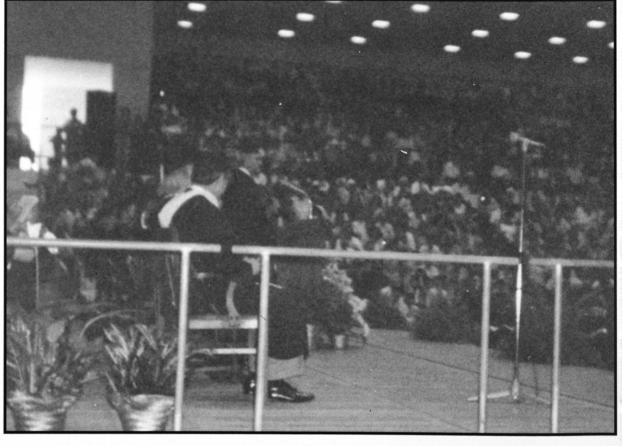

"In this small university town, I saw the world. At UMR, I met German, Chinese, Turkish, Malaysian, Peruvian, and Thai students plus countless others. I saw a Malaysian wedding ceremony, ate Thai cuisine, and learned the Chinese language. College is truly a time to broaden one's horizons."

-Rick Lawson

# Meeting the Challenge With Quality

Sigma Chemical Company is continuing its tradition of excellence. With 50 years of experience, our future looks brighter than ever. We are the world's foremost

supplier of research and organic chemicals and a leader in diagnostic kits and reagent development.

The research and diagnostic chemistry fields are fast growing, creative and meaningful areas of business expansion. Exciting new research that depends on our products is continually evolving. In order to provide the quality and the service this essential work demands, we offer challenging careers in:

- Immunology
- $\bullet \ Microbiology$
- Protein Chemistry
- Organic Chemistry
- Tissue Culture
- Cell Biology
- Molecular Biology
- Analytical Chemistry
- Clinical Chemistry
- Electrophoresis

Cooperative education programs and internships are available for Chemistry and Biochemistry majors.

We're Looking For People Who Can Make a Difference

Degrees: BS-MS in ChE, EE, ME

At Procter & Gamble, we're looking for people who are willing to accept challenges at the outset of their careers. Creativity is a must as you look for innovative approaches to business solutions. Importantly, we are committed to providing you with opportunities that allow you to reach your maximum potential. That's good business for us, as well as for you.

**An Equal Opportunity Employer** 

**COULD YOUR WORK EXHIBIT AT THE LOUVRE?** 

Monsanto's does. Our Saflex' brand interlayer — commonly used in car windshields to prevent shattering — protects the enigmatic portrait of the *Mona Lisa*. That same material was also used in an intricate architectural addition to the Louvre museum itself. And those are just a few examples of how we've elevated our science to an art form.

Our researchers have also created one of the best drugs available for treating high blood pressure. Some are developing genetically improved crops — such as insect-resistant cotton. Others at The NutraSweet Company, a Monsanto subsidiary, recently perfected the first all-natural fat substitute.

At Monsanto, there's a world of opportunity we're passing on to the best and brightest college graduates — from biology and chemistry to a multitude of engineering and computer science disciplines. Opportunities to advance or support our work in high-performance chemicals, plastics, coatings and fibers. Life-giving pharmaceuticals. Agricultural chemicals and the biotech-based supertechnologies of agrigenetics. You provide the talent and motivation, we'll provide the tools.

From our \$150 million Life Sciences Research Center to a multimillion dollar annual investment in ongoing research, Monsanto is making an enormous commitment to the future. Millions of users and consumers are grateful for our leadership role in hundreds of products and technologies. What will your contribution be?

Please send your résumé to The Agricultural Group, a unit of Monsanto Company, 800 North Lindbergh Blvd., Bldg. C2NB, St. Louis, MO 63167, Attn: V.B. Martinez. We're an equal opportunity employer, m/f/d/v.

# Success begins with the right chemistry.

In the 127 years since our founding, MALLINCKRODT CHEMICAL, INC. has earned a reputation for reliability and quality. Today, as a diversified world leader with international operations and more than 2,100 employees worldwide, we've expanded our product base to include pharmaceutical specialties, catalysts, performance and lab chemicals.

To say that our future looks bright is an understatement. Since 1987. Mallinckrodt Chemical, Inc. has invested more than \$160 million in our St. Louis facility. In addition, Mallinckrodt Chemical, Inc. sales are projected to grow 8 to 10 percent annually over the next few years. 1994 sales figures are expected to top \$500 million.

That level of growth has created outstanding opportunities for both new graduates and experienced individuals in CHEMICAL ENGINEERING and CHEMISTRY. Specific positions exist within manufacturing, process engineering, product engineering, research and development and quality control.

Mallinckrodt Chemical, Inc. offers a competitive salary backed by comprehensive benefits. For more information, talk to our campus representative or send a resume to:

Mr. Jonathan K. Hale Manager, Human Resources MALLINCKRODT CHEMICAL, INC. P.O. Box 5439 St. Louis, MO 63147

# Answers to Frequently Asked Questions

# How can a person who has transferred or graduated from UMR get their yearbook?

If the former student paid the *Rollamo* fee (included in the fall semester student activity fee) the person may either have someone currently enrolled in UMR pick the book up for them or send \$3.50 payable to UMR to:

Rollamo c/o Student Activities 113 UC-West Rolla, MO 65401

# Is it possible to get past volumes of the Rollamo?

Yes, there are extra copies of some volumes of the yearbook. However, two years after the books are printed any extra copies are sent to the alumni office and inquiries about availability must go through that office.

### How can I get a group shot of my organization in the Rollamo?

During the fall semester, a letter is put in each organization's mailbox that may be returned with a date/time/place where a photographer could take the group shot. This must be done during the fall semester. The organization may also choose to submit their own picture (in color or black and white) anytime before spring break.

# How does the optional fee work?

Student Council votes on each part of the Student Activity Fee every year. The past two years (the 1994 and 1995 yearbooks) they have voted to make the *Rollamo* part of the fee optional. Students may turn in a refund form to the StuCo office by November 1st of the fall semester in which the fee is paid to receive a refund.

# Interested in Being on the Rollamo Staff?

During the 1995-1996 school year, meetings will be held in 103G Norwood on Thursday nights at 6:00 until approximately 7:00.

Anyone interested in being an assistant editor or photographer is welcome.

Call 341-4279 for more information.

# Colophon

The 1995 Rollamo printed by was Jostens, Inc. Body copy was set in 10 point Bookman, headlines in 36 point Blackoak and score boxes and pulled quotes in Impact. Senior pictures were taken by Campus All color Photo. photohgraphs were developed by Wal-Mart and many of the black and white photos were developed by Picture This.

# **Editor's Note**

As some of you know, the *Rollamo* staff created this yearbook without the help of an advisor. The fact that we made it through the year without too many disasters was largely due to the help of Carol Molchan. She always either knew or found out the answers to all my questions, both financial and non-financial, and was a great source for suggestions. So, thank you Carol, and for your sake I hope we find an advisor for next year. On the same note, I would like to thank Nelson Nolte for picking up the *Rollamo* mail over the summer, a vitally important job which is usually taken care of by the advisor.

I would also like to thank the 1994-1995 *Rollamo* staff for their hard work this year. Natalie, I love all the creative designs you put on your pages. We'll miss you next year. Pam, thank you for taking over the organizations section so late, I know it wasn't easy. Mike, you did a great job covering sports, and you even got everything done on time! Bridgette, what can I say? At least next year you'll know not to plan on doing anything early in the morning the day after final deadline. Tracey and Scott, you definitely kept us entertained during meetings. I wish you the best of luck.

To the photographers (Rob, Jason, and Kristen): I know your job was not easy, but thanks for trying to keep up. If we haven't scared you all away, I promise you'll have more help next year even if I have to buy everyone on campus a disposable camera.

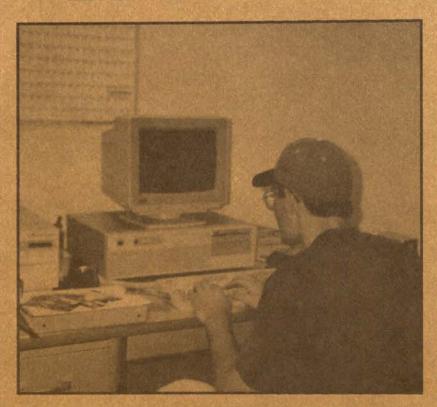

I hope everyone enjoys the book!

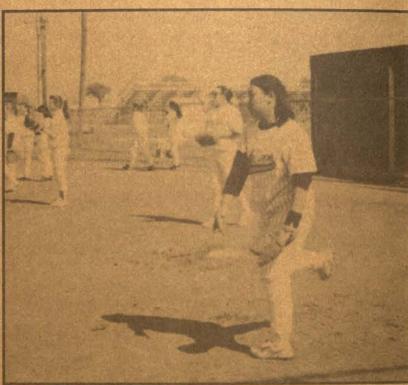

Amy Rogers, Editor-in-Chief
